### DOCTORS PRESCRIBE IT.

Whenever there is a case of cough, cold, bronchitis, croup, asthma, whooping cough, measles, hourseness, or sore lungs in the family, and the doctor wishes to give the patient speedy relief and a posttive cure, he prescribes the medicine that always cures—Dr. Bull's Cough Syrup.

#### CROUP CURED.

Croup attacks a child without warning and needs very prompt attention or it may prove serious, even fatal. If you notice any symptoms of croup, give baby a small dose of Dr. Bull's Cough Syrup. It will relieve it instantly and cure it in a night. No danger from choking after you have

Coughed Until His Nose Bled.

Wm. H. Bronder, of Chrystle Street, New York City, writes: "I have had a cough ever since my childhood. It was so had that blood would spurk from my noso, which would leave me weak, so that I was often compelled to leave my work. I started to take Dr. Bull's Cough Syrup, and before the third bottle was finished my cough was entirely gone,"

mother should keep a bottle of Dr. Bull's Cough Syrup in the house to be prepared for sudden attacks of croup. Thousands of letters are received from grateful mothers, who say their babies' lives have been saved by Dr. Bull's Cough Syrup.

One Bottle Cured Her Boy.

Mrs. Mary Olsson, of 539 Clinton Street, Brooklyn, N. Y., writes: "My little boy, three years old, caught the croup and I concluded to try Dr. Bull's Cough Syrup, as I have more faith in it than in doctors. He was soon relieved after a few doses only, and entirely cured of the croup and bronchial trouble after having taken one bottle of Dr. Bull's Cough Syrup. When I have this old reliable remedy in the house I feel safe, and since it cured him I always keep a bottle in the house. My husband was also cured of a bad cold by DR. BULL'S COUGH SYRUP."

MONDAY EVENING, NOV. 23, 1903.

SWALLOWED FALSE TEETH.-Dr. Roswell Park, of Buffalo. yesterday successfully performed an operation on Fred C Smith, of New York for the removal of a set of false teeth from his stomach. Two attempts were made to get the teeth. The first operation was performed Saturday and was unsuccessful. The second operation was performed yesterday, just as soon as the patient had rallied suffici-ently from the shock of the first operasion to stand it. Smith is a young vigorous man. He is yardmaster for the Lehigh Valley Railroad in New York. Friday night during a fit of coughing he swallowed a plate containing two false teeth. The teeth first lodged in the csophagus, and did not cause much distress Smith did not tell his friends what his friends what his trouble was, but he soon left work and consulted Dr. O. E. McCarty, of New York. That physician advised him to go to Buffalo for an operation. Dr. Park, who is one of the physicians who attended the late President McKinley, made an examination and advised an operation at once. It was performed at the Buffalo Hospital Saturday afternoon, but it was found that the teeth had passed into the stomach. Dr. Park advised the patient of the seriousness of an operation to remove the teeth and he at once consented to take the chances, as there seemed no other way of obtaining relief. The X-ray was used to locate the teeth yesterday. The deli-cate organ was then cut open, and the foreign matter removed. Smith is doing well.

INSANE COUNTS .- A dispatch from Berlin says that a singular epidemic of madness seems to be making its way among the higher Hungarian nobility and affecting some families of European notoriety. Count George Festetics, the eldest son of Count Tassib Festetics and committed suicide in a lunatic asylum by hanging himself. He was 20 years old. Another Hungarian by hanging himself. He had lately incurred heavy losses at play, and was laboring under the impression that he could not pay his debts, and that his creditors were suing him night and day with red-hot irons to brand him as a swindler. A third noble, having large estates in Transylvania, Count Estahaby, has fallen a victim to the mania after a wild career of dissipation extending over several years, during which he sold every stick of furniture in the castle and every

For a Disease Germ That Liquozone Can't Kill.

On every bottle of Liquozone we publish an offer of \$1,000 for a germ that it cannot kill. We do that to convince you that liquid oxygen does kill germs.

Any drug that kills germs is a poison to you and it cannot be taken internally. Liquozone alone can kill germs in the body without killing the tissues, too. It is the only way known—the only way one can conceive of—to destroy the cause of any germ disease.

Kills With Oxygen.

Kills With Oxygen.

#### Kills With Oxygen.

Liquozone is simply liquid oxygen—no drugs, no alcoholin it. It is the discovery of Pauli, the great German chemist, who spent 20 years on it. His object was to get such an excess of oxygen in staple form into the blood tinat no germ could live in any membrane or tissue.

Oxygen is life to an animal—the very source of vitality. It is the essential part of air. Its effects are exhilarating, purifying. It is Nature's greatest tonic. But germs are vegetables, and this excess of oxygen—the very life of an animal—is deadly to vegetable matter. Liquozone charges the blood with such an excess of oxygen that no germ can live where that blood goes. We spend 14 days in making each bottle.
